ADULT

ART & FUN is a game in which more than **80** compositions are juggled ... and the juggler is me. Out of **450+** compositions and arrangements, **I chose those works** which I think best highlight the specific stylistic qualities of this orchestra. From this selection, I then took various bits and pieces –sometimes longer, sometimes shorter, sometimes repeated – and, depending on their tempi, grooves, moods and modulations, played them and played with them until they formed a new unity, or **Level 1** of ART & FUN.

The second game -- **Level 2** of ART & FUN -- features an on-going give & take between the acoustic and electric rhythm groups, providing continual changes of mood and a foundation on which, in **Level 3**, many excellent soloists can build and develop. If you are still not satisfied with the first 3 Levels, then go to **Level 4** of ART & FUN... Turn on your stereo **[VERY LOUD!]** and check out how today's Big Band Music can be transferred into a Remix-version ... as a bonus, so to speak, for your continued interest in the VAO as we celebrate our 25th Jubilee!

Have a lot of ART and a lot of FUN.

If **YOU** can identify all the musical quotes in ART & FUN in the right order, send us your list by 31.12.2002 and we'll send you a **surprise**.
